

# WHAT BOSS PROGRAM CAN HELP YOU WITH

Accreditation courses are just a start. BOSS provides ongoing courses, mentorship and digital set up services when using clear aligners. What can you learn with BOSS Orthodontic courses?

Learn how to **diagnose orthodontic problems** including **airways disorders** with confidence

1

When to **refer to a specialist**

2

How to handle **case-based problems** rather than treating to a **classification system/ cookbook approach**

4

Case-based **problem solving in groups**

3

Alert for **red flags** and **risk management** if undertaking treatment in your setting

6

Justify treatment decision **based on evidence**

5

Critical appraisal of **existing literature** on a variety of orthodontic areas.

8

Orthodontic treatment in mixed dentition in your setting (**maxillary expanders, functional appliances, space maintainers, partial fixed appliances, etc**)

7

Treat your adult and teen patients with **fixed appliances** or **clear aligners** more confidently

9

Learn to use **multiple systems** for orthodontic treatment

10
